

2 INDEPENDENT COMPARTMENTS

WINE FURNITURE

5-YEAR WARRANTY

2-temperature cabinet, for wine serving

Technical specifications

Capacity 50 bottles maximum*

Temperature · Temperature setup from 6 to 12°C for the area dedicated to white wines (left compartment) and from 12 to 18°C for the area dedicated to red wines (right compartment)

· Default setup temperature: 8-16°C

Design

- A large choice for customisation: 2 choices of door finish, 3 claddings (a 4th cladding option, dismountable, dedicated to architects**), 2 choices of shelf front panel, 3 strip finishes, 2 colours for the central area
- A numbered plate and a customisable plate (on order)
- A central niche equipped with a glass-finish control panel and 2 fixed shelves
- External screen with touch buttons. Discreet interface. White display
- Interior lighting for the cellars: ambient lighting thanks to the integrated light guide
- 3 lighting options: permanent, upon door opening, deactivated
- 8 colour choices and 3 brightness levels. A «colour scroll» mode
- For the central niche: 2 lighting options, ON/OFF
- Aesthetic, finished back panel

Accessories

- 10 sliding shelves with a full extension system. Ball bearings
- Magnetic, removable bottle supports
- 1 microfiber cloth

Equipments

- Triple-glazed door. Low-emission glass and argon gas between the three panes
- 4 adjustable furniture feet
- Pantograph hinge with soft-close mechanism
- Removable condensate collection trays under each compartment
- Trays with drainage hole in each compartment

Regulation

- Electronic regulation
- Display of the real temperature in the cellar
- Display standby mode by default
- Visual and audible alarms: temperature malfunction, temperature sensor fault, door open
- Automatic defrost
- Mechanical start button for initial startup or shutdown

Technologies

- Cold production:** Static/ Inverter compressor (R600a)
- Cords:** CE/US/UK/AU/CH/C6
- Inner material:** Aluminium
- Insulation type :** Injected polyurethane foam (59mm)

*Traditional formats Bordeaux, Bourgogne, Alsace, Champagne. The top shelf can accommodate up to 3 magnum bottles in each compartment

**See technical specifications in a dedicated document

Sound emission class	B	B
Ambient operating conditions (°C/ °F // %HR)*	15-30/ 59-86 // 70%	15-30/ 59-86 // 70%
Useful volume (litres)	90 litres per compartment	

*Harmonie is a wine cabinet designed to be installed in a climate-controlled environment. Under extreme installation conditions (outside our recommendations), condensation can appear on the door glass. This is a natural physical phenomenon.

Harmonie, in a few words...

A piece of furniture with timeless elegance

Every aspect of its design has been meticulously orchestrated, requiring hours of creation, adjustment, and material selection.

The result? An unparalleled wine cellar where the aesthetics of function have been reinterpreted to find its place in any interior.
